See how we think and do.

NC STATE Jenkins MBA
The Jenkins MBA Difference

Located at the epicenter of North Carolina's booming research and technology sectors, the Jenkins Graduate School of Management offers one of the nation's highest-value, top-ranked MBA programs.

Designed to meet the needs of full-time students, working professionals and military personnel, the Jenkins MBA offers flexible avenues to success through both online and on-campus programs. Our emphasis on experiential education ensures you are immersed in real-world projects that demand nimble thinking and innovative solutions.
The Freedom to Succeed

Whatever your career goals, we have the program to help you get there. Our adaptable formats help both full-time students and working professionals achieve their objectives with AACSB-accredited MBA options.

Full-Time MBA
Featuring award-winning faculty, an innovative curriculum and real business experience, the Full-Time MBA is completed in two academic years on NC State’s campus in Raleigh.

Professional Evening MBA
This format, with convenient evening courses held on our Raleigh and Research Triangle Park campuses, allows working professionals to choose the schedule that suits their needs.

Professional Online MBA
For the ultimate in flexibility, classes may be completed entirely online from anywhere in the world. Orientation is delivered virtually, and most classes are asynchronous.

Both professional programs give students the freedom to complete their degrees in as little as 21 months or at their own pace within six years.

Customized Option
Students enrolled in our Professional Evening or Professional Online formats can combine features of the two programs to truly customize their MBA program. Working with our academic advising team, students can select their ideal configuration of face-to-face and online courses, class locations and program length to ensure academic, personal and career success.

“Our curriculum doesn’t look like your grandfather’s MBA. Jobs of the future are all going to be associated with technology commercialization and innovation.”

Ira P. Weiss, Dean and Stephen P. Zelnak Jr. Chair, Poole College of Management
For Ted Mosler, the Jenkins MBA program provided all the tools he needed to turn his engineering know-how into a thriving business.

While at NC State, Mosler was a part of the Entrepreneurship and Technology Commercialization concentration, which bridges the gap between the laboratory and the marketplace. This highly focused experience helped to shape his perspective on design and development.

Mosler pursued his MBA while working as an engineer for a medical device company. Within a year of graduation, he and two colleagues founded Gilero Biomedical, which specialized in the design and development of medical devices. Through a merger, Mosler’s company is now a vertically integrated biomedical resource named EG GILERO, which operates in the United States and Asia. Mosler serves as CTO and is also an established inventor with more than 50 U.S. and foreign patents to his name.

Real Results

500+ students have helped real-world startups raise more than $220M in funding through our Entrepreneurship and Technology Commercialization program.
Paying for Your MBA

The Jenkins MBA combines academic excellence, affordability and desirability to give you a powerful return on investment. It’s possible to complete your education for much less than comparable programs.

Jenkins MBA students can expect to pay the estimated tuition amounts listed in the table above, based on tuition rates set for the 2015-2016 academic year. All amounts are minimum estimates for full program tuition and do not include the cost of books, materials or future tuition increases.

Employer Support

Earning an MBA is valuable not only to you but also to your employer. Some employers are willing to provide financial support to their employees pursuing an MBA. On our website, you will find tips for making a case for employer financial support.

Loans

You may be eligible for long-term, low-interest federal loans, including Perkins and Stafford loans. Interested students must complete a FAFSA application.

Financial Aid

To be considered for NC State financial aid, it is best to apply to the Jenkins MBA program before the January deadline for financial aid applications. Graduate assistantships and NC State scholarships are available to full-time students only, with the exception of the Fails Graduate Fellowship.

Assistantships

Students who show strong academic promise and leadership potential may be awarded assistantships. Compensation includes full or partial tuition coverage, health insurance and a stipend of $3,000 per semester. Awards are typically made during the admission process, before students begin the MBA program. Graduate assistants work up to 20 hours per week for the MBA program in various positions.

Consumer Innovation Consortium Scholars Program

The Consumer Innovation Consortium is an academic-corporate partnership designed to disseminate cutting-edge consumer research knowledge to companies, develop new insights through research partnerships and train a new generation of business graduates to combine strategic consumer-behavior knowledge with innovative research techniques. Selected students will receive full tuition coverage, health insurance and a stipend of $6,000 per semester. In return, scholars will be expected to work closely with faculty and partner companies on applied research projects.

Entrepreneurship (HiTEC) Scholars Program

A unique joint venture managed by NC State’s Poole College of Management and College of Engineering, this program teaches systematic and process-based approaches to launching and growing technology-rich businesses. Selected students will receive full tuition coverage, health insurance and a stipend of $6,000 per semester. In return, scholars will be expected to work closely with faculty and partner companies on applied research projects.

Supply Chain Scholars Program

The Supply Chain Resource Cooperative is a unique industry-university partnership dedicated to advancing the supply chain industry and the professionalism of its practitioners. Selected students will receive full tuition coverage, health insurance and a stipend of $6,000 per semester. In return, scholars will be expected to work closely with faculty and partner companies on applied research projects.

How to Apply

The Jenkins MBA program is looking for applicants who display intellectual rigor, leadership skills, aptitude for teamwork and a desire for innovation and entrepreneurial thinking within the world of business.

Admissions Requirements

- Four-year bachelor’s degree (or U.S. degree equivalent) from an accredited university
- Completion of an undergraduate statistics or calculus course with a grade of C or better prior to beginning MBA coursework. You may apply prior to completing this requirement, but a transcript indicating completion must be received and reviewed before the semester begins.
- Two years of full-time, post-baccalaureate professional employment is required for applicants to the Professional Evening and Online MBA programs. The same experience is highly recommended—but not required—for the Full-Time MBA program. Work experience waivers may be considered for those with military service or special circumstances.

Application Checklist

- Completion of the Graduate School’s online application form, including the MBA supplemental application
- Personal statement and essays
- Three letters of recommendation
- Transcripts from each university attended
- Official GMAT or GRE scores, unless you apply for and are approved for a waiver
- Official TOEFL or IELTS scores (for international applicants only), unless you apply for and are approved for a waiver
- $75 nonrefundable application fee ($85 for international applicants; waived for military applicants)
- Interview (the MBA Admissions office will contact you once all application materials are submitted)

Admissions Deadlines

The Full-Time MBA program admits students to begin the program once per year, in the fall term. Admission to the Professional Evening and Online MBA programs is granted for both the fall and spring terms; the fall term begins in August and the spring term begins in January.

FALL SEMESTER

Full-Time MBA Deadlines

- Round 1: October
- Round 2: January
- Round 3: March

Professional MBA Deadlines

- Round 1: February
- Round 2: April

Online MBA Deadlines

- Round 1: February
- Round 2: April

SPRING SEMESTER

Professional MBA Deadlines

- Round 1: July
- Round 2: September

Online MBA Deadlines

- Round 1: July
- Round 2: September

Take the Next Step

The best way to learn about what we can offer you is to talk with the experts. Our staff host a range of admission events to give future applicants an inside look into the Jenkins MBA program.

Attend an Admissions Event
At our in-person information sessions, program staff discuss the curriculum and our admission process, and alumni are often invited to share their experiences in the program. You will have the chance to ask questions and meet with admissions representatives.

In addition to these information sessions, we host or participate in a variety of other events:
- Lunch-and-learn events
- MBA recruiting fairs
- Live webinars
- GMAT/GRE test preparation sessions
- One-on-one consultation

Visit a Class
We invite you to request a class visit at the time and location (Raleigh or Research Triangle Park) that suits you best. We also host virtual sessions with Professional Online MBA students who can share their experiences in the program.

To register for an event or request a visit: mba.ncsu.edu/admissions/admissions-events/
